

Diving

Diving in the Maldives is a true pleasure for beginners and expert divers alike, the sheer quantity of dive sites, 12 months diving, easy access/proximity to dive sites, abundant and often rare marine fauna make it a truly incredible dive destination.

We offer full-day 2-3 dive excursions to distant dive sites in Ari atoll and even other atolls such as North Male, South Male, Rasdhoo or Vaavu Atoll, including Manta Ray cleaning stations and areas where Whale Sharks can be found. We also offer full-day 2 dive excursions to distant places, including Manta Ray cleaning stations.
